VISION STATEMENT

Empower students to be intellectually sound, upright in values, virtuous and socially concerned, enabling them to contribute as future leaders of the Nation by fulfilling their academic passion through liberal education and spiritual zeal

COLLEGE PROFILE

Established in the year 1965 as a co-ed institution, Pettigrew College prides itself on its 58 years of efficacious existence, making it the oldest college and the only government college in Ukhrul district to date. The college, as such, has long been committed to providing quality education in the higher education sphere of the region.

The rich legacy of the college can be traced back to the vision of the founders who were the educationists, public leaders and public at large of the Tangkhul community. Fondly named after Reverend William Pettigrew, the pioneer missionary who introduced education in the district, the college initially functioned as a private institution for 12 years before being taken over by the government of Manipur in 1977. The vision and mission of the founders to provide access to quality higher education particularly for the rural Tangkhul community, for them to become active participants in the changing and challenging world has since come a long way.

The college is dedicated to keeping pace with the progressive educational trends of higher education. It marches onward to realise and elevate the vision and values of the founders with the outstanding faculty of the college as the key strength, who are devoted to provide innovative educational opportunities, promote creativity and excellency into the students. Besides academic rigor, the college stresses on the employability skills of the students and offers a free short term course in Information Technology (IT) in addition to the core subjects, with the sole purpose of equipping and preparing students with the soft skills and technical skills vital in workplace and real-world situation.
