

PETTIGREW COLLEGE WOMEN CELL

Pettigrew College Women Cell endeavours to create a sustainable, equal-opportunity environment conducive to an all-round development of the teaching and non-teaching women staff and girl students of the college. The cell is responsible to look into the grievances of the women community in the college.

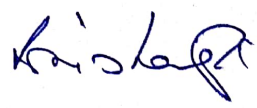

The aims and objectives of this Cell is:

- To build a gender sensitive campus
- To promote general well-being of female teaching and non-teaching staff and students.
- To build self-confidence and overall personality development of women community in the campus.
- To create social awareness about problems of women and rights associated to them.
