

Pettigrew College Faculty Meeting Summary – July 17, 2025

Sirawung Raiping
IQAC Co-ordinator

The faculty meeting at Pettigrew College was presided over by Principal Dr. Ringkahao Horam, who aimed to evaluate student performance following the recent sixth-semester examination results. We are also pleased to report an increase in new student admissions this year, which is a positive development for our college community.

During the meeting, it was revealed that the University and Higher Education Directorate have granted us new computers and a printer to enhance our teaching and learning capabilities.

We were also delighted to welcome back Miss Chonchuiphi, an Assistant Professor who recently completed a year-long training program in remote sensing.

Ten of the twelve department heads presented updates regarding their departments. They highlighted their achievements from the last semester, shared departmental reports, and outlined their needs for the upcoming term.

Academic Dean Mayonmi K provided an overview of the schedule and teaching plans for the next session. Additionally, Sirawung Raiping, our IQAC Coordinator, introduced Swayam, a government-initiated program offering online learning resources.

The meeting also assessed ongoing projects and explored potential resources that could be beneficial to us. Furthermore, we engaged in discussions aimed at identifying our strengths and weaknesses for future improvement.

In conclusion, the meeting closed on an encouraging note, celebrating our progress in examination results, extracurricular activities, upcoming infrastructure developments, and our growing student body. Faculty members reaffirmed their commitment to enhancing the college experience for all.
